LEGISLATIVE COUNSEL'S DIGEST

SB 844, as amended, Pavley. Elections: ballot measure contributions.

Existing law requires each campaign committee formed or existing primarily to support or oppose a statewide ballot measure to file with the Secretary of State periodic reports identifying the sources and amounts of contributions received during specified periods. Existing law, including the Political Reform Act of 1974, also specifies information required to be included in the statewide ballot pamphlet for each statewide ballot measure to be voted upon.

This bill would require the Secretary of State to create an Internet Web site, or use other available technology, to consolidate information about each ballot measure in a manner that is easy for voters to access and understand. The Internet Web site would be required to include a summary of each ballot measure, a list of each committee primarily formed to support or oppose a ballot measure, and a list of a committee's top 10 contributors, as specified. The bill would require the statewide ballot pamphlet to include a printed statement that refers voters to the Secretary of State's Internet Web site for a list of committees primarily formed to support or oppose a ballot measure, and information on how to access the committee's top ten contributors.

The Political Reform Act of 1974, an initiative measure, generally provides that the Legislature may amend the act to further the act's purposes upon a $\frac{2}{3}$ vote of each house and compliance with specified procedural requirements. The act also provides that, notwithstanding this requirement, the Legislature may add to the ballot pamphlet information regarding candidates or other information.

This bill, which would permit or require additional information to be included in the ballot pamphlet, would therefore require a majority vote.

~~Existing law requires each campaign committee formed or existing primarily to support or oppose a statewide ballot measure to file with the Secretary of State periodic reports identifying the sources and amounts of contributions received during specified periods. Existing law, including the Political Reform Act of 1974, also specifies information required to be included in the statewide ballot pamphlet for each statewide ballot measure to be voted upon.~~

~~This bill would require the Secretary of State to post on his or her Internet Web site, for each statewide ballot measure, lists of the 10 highest contributors of \$50,000 or more who have made the largest cumulative amount of contributions to all campaign committees collectively that are formed or existing primarily to support or oppose that ballot measure. The bill would require the Secretary of State to update each list of contributors at specified intervals up until 2 business days before the election and to post a final version of each list by a specified date after the election. In addition, the bill would require the statewide ballot pamphlet to include a printed statement that refers voters to the Secretary of State's Internet Web site for the above-described lists of contributors. The bill would authorize the~~

~~Secretary of State to adopt guidelines, regulations, or policies, as specified.~~

19 12173.5.—(a) (1) The Secretary of State shall post on his or

21 the following for each statewide ballot measure:

22 (A) A list of the 10 highest contributors of fifty thousand dollars

24 of contributions to all primarily formed committees collectively
25 that are supporting the measure.

26 (B) A list of the 10 highest contributors of fifty thousand dollars
27 (\$50,000) or more who have made the largest cumulative amount
28 of contributions to all primarily formed committees collectively
29 that are opposing the measure.

30 (2) Each list required by paragraph (1) shall identify the names
31 of the 10 contributors who have made the largest cumulative
32 contributions to the committee, the total amount of each
33 contributor's contributions, the employer and occupation of the
34 contributor, if any, the city and state of the contributor, and the
35 contributor's committee identification number, if any.

36 (3) Each list required by paragraph (1) shall be in order from
37 the contributor who made the largest cumulative amount of
38 contributions to the contributor who made the smallest cumulative
39 amount of contributions. If two or more contributors made an equal

1 amount of contributions, those contributors shall be listed in
2 alphabetical order.

3 (4) Each list required by paragraph (1) shall reflect the
4 cumulative amount of contributions received by primarily formed
5 committees beginning 12 months before the date each committee
6 made its first expenditure to qualify, support, or oppose the
7 measure.

8 (5) If a contributor is a committee controlled by a candidate, as

15 primarily formed committees for or against the same statewide
16 ballot measure in order to prevent counting the funds more than
17 once.

18 (2) Treats a contribution that is made to a primarily formed
19 committee that supports or opposes more than one statewide ballot
20 measure as if the contribution was made in connection with each
21 statewide ballot measure the committee supports or opposes.

22 (3) Marks the name of a contributor with an asterisk if the
23 contributor made a contribution to a primarily formed committee
24 that supports or opposes more than one statewide ballot measure.

25 (4) Includes, beyond the 10 highest contributors of fifty thousand
26 dollars (\$50,000) or more, an additional contributor of fifty
27 thousand dollars (\$50,000) or more for each contributor to a
28 primarily formed committee that supports or opposes more than
29 one statewide ballot measure. For each contributor whose name
30 is marked by an asterisk pursuant to paragraph (3), the list shall
31 be expanded to include the next highest contributor of fifty
32 thousand dollars (\$50,000) or more.

33 (5) Includes a statement substantially similar to the following:
34 “Note: A contributor whose name is marked by an asterisk made
35 a contribution to a committee that simultaneously supported or
36 opposed more than one statewide ballot measure on the [Month]
37 [Day], [Year] ballot. In these cases, it is not possible to determine
38 the amount of the contribution that was spent specifically on the
39 campaign for any particular measure.”

~~(e) The Secretary of State shall update each list required by subdivision (a) within five business days after the campaign statement deadlines provided for in Section 84202.3, and within five business days after any late contribution report filed pursuant to Section 84203 if the information in the report affects the lists required by subdivision (a).
